NIKOM Ltd. is equipped with skilled staff and at its own disposal has most up-to-date technology that is a firm guarantee for production of high-quality ecological paper and wooden transport packing.

Primarily, we produce packing which is being mostly required on the market. When it comes to cardboard packing, we produce cardboard boxes with dimensions: 400 x 300 x 130 mm³ and, according to the wishes of our customers we are capable to produce cardboard boxes with dimensions: max. 600 x max. 400 x max. 220 mm³. Cardboard packing is usually printed in two colours, but we can also print them in four colours if the customer wishes or requires so.

It is the same case with production of wooden packing which gives us the right to say that regarding to our customers' wishes we are extremely flexible. This means that we are plainspoken to talk and make a deal at any time in order to attain the best possible solution and to content our customers.

Within the frames of its activity NIKOM Ltd. is also dealing with production of wooden packing for the needs of agriculture. By the system COMPLETE PRODUCT: from a trunk to a final product, NIKOM Ltd. is exporting its products in Greece and, the company is ready to co-operate with partners from the neighbouring countries.
