

PRIVATE CIVIL ENGINEERING COMPANIES LLC

Manager: Mr.Bozho Iloski

Manager: Mr.Riste Treneski

Civil engineering companies REMIS LLC and GRADEZHNIK LLC from Ohrid are present on the market since 1995 i.e. 2003. Since their founding until today, the primary activity of these companies is construction works, i.e. construction of residential and commercial buildings. The construction of buildings is carried out with their own investments on plots for which the property-rights relations are fully regulated. The facilities are built according to high international standards and they have total coverage of 60.000 m² in Ohrid and Skopje. They are recognizable by the high quality of construction and design. With a serious approach and respect towards all legal provisions and regulations, these two companies set new standards in the field of construction in the Republic of Macedonia. The quality and architectural design of the structures are an evidence for their dedication to their work. In order to continuously improve their activity, in 2012, the two companies introduced the following standards: ISO 9001:2008 Quality Management System; ISO 14001:2004 Management System for Environmental Protection; OHSAS 18001:2007 System for Occupational Safety and Protection. The following buildings that are built by these companies are for sale: In Ohrid: Facility Old Bus Station (garages, housing); Facility Market under construction (housing and office space): Facility Kifla (office space) - all carried out by REMIS. Facility Zone West (housing); Facility Park under construction (apartments) all carried out by GRADEZHNIK. In Skopje: Facility Palata ZUM under construction (housing and office space) carried out by GRADEZHNIK.
