

# STATE DORMITORY TOME STEFANOVSKI – SENIC

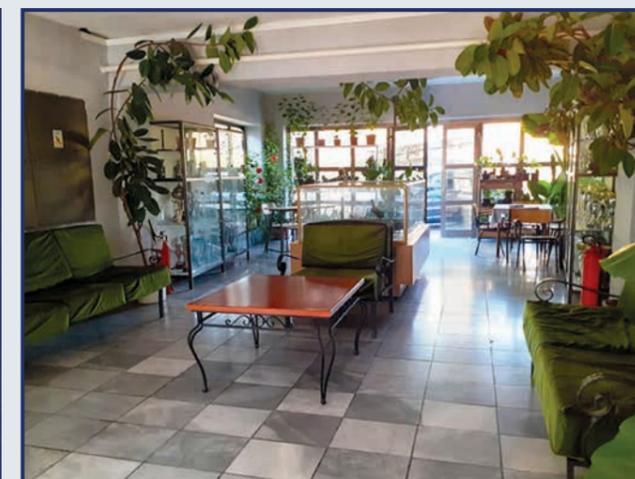

## Director: MSc. Econ. Lulzim Xhemaili

Mr. Lulzim Xhemaili was born on 20.05.1965 in Skopje, where he lives. He graduated from the Faculty of Economics within the University of Prishtina in 2003. He completed his postgraduate studies at the International University in Struga and acquired the title Master of Economic Sciences. In 2018 he obtained a Certificate for a Certified Accountant from the Institute of Accountants and Certified Accountants of the Republic of North Macedonia and a Certificate for an Accounting Officer issued by Training Center CES. He has been a participant in various conferences and trainings as "trainer of Directors", which were organized by USAID. In 2009 he completed a three-month postgraduate course in the Regional Center for Political Sciences and Diplomacy in Tirana, Republic of Albania. He possesses certificates on the application of regulations for financial and legal matters. In 2016 he acquired a Certificate of Participation at the Polyglot Conference in Thessaloniki, Republic of Greece. Mr. Xhemaili is proficient in German and English language. Mr. Lulzim Xhemaili started his career as a court interpreter in German

language in Germany from 1994 to 1999. From 2001 to 2003 he ran his own company "Forwarding Marigona" in Prizren, Republic of Kosovo. In 2003 he was employed in the State Dormitory "Tome Stefanovski-Senic" in Skopje. In the past period of 15 years, Mr. Xhemaili has acquired great work experience in managerial positions. From 2005 to 2006 he was the Director of the Agency for State Roads, from 2006 to 2007 he was the Deputy Director of the Customs Administration. In 2013 he was appointed Director of the State Dormitory "Tome Stefanovski-Senic" in Skopje. In 2015 the Board of Directors of the Dormitory declared Mr. Xhemaili the most successful Director of the Dormitory because he has contributed in the establishment of a secure financial management and governing. Mr. Lulzim Xhemaili is a family man and a father of two children.

The State Dormitory "Tome Stefanovski Senic" is a public institution that provides accommodation and food for university and secondary school students. It was founded by the People's Committee of the City of Skopje in 1953 and it is one of the oldest dormitories in the Republic of North Macedonia. The Dormitory is an associate member of the University „Ss. Cyril and Methodius“ from Skopje. All students who study in Skopje and come from other cities have the right to accommodate in the Dormitory. The procedure for admission of students is implemented by the Ministry of Education and Science of the Republic of North Macedonia through vacancies that it publishes electronically.

The location of the Dormitory provides easy access to all important cultural institutions and other organizations that the Dormitory collaborates with. The State Dormitory "Tome Stefanovski-Senic" has an accommodation capacity of 577 beds. It disposes of its own kitchen that provides food to its users, with a rich and diverse menu approved by the Center for Public Health. The Dormitory is fully connected to an internet connection for the benefit of the very users of the services. Two years ago, the Dormitory was internally renovated with new equipment i.e. new inventory in the rooms, in order to provide a better standard to university and secondary school students. In the academic year of 2019/2020 there has been an announcement for further complete renovation of the Dormitory, according to international standards. The Dormitory disposes of a library with an abundance of books by domestic and foreign authors, donated by the Government of the Republic of North Macedonia. This provides university and secondary school students an additional opportunity for further improvement and spiritual enrichment. Horticulture has a significant part in the Dormitory. It contains a large area with parks and greenery that are regularly being maintained and provide fresh air, recreation and rest for the users.

In addition to university students, students from secondary schools are also accommodated in the Dormitory. The basic pedagogical function of the Dormitory where students are accommodated is the realization of the goals and assignments in the teaching-educational work with the students. The creation of conditions and opportunities for individual and social development of students are ensured in the Dormitory. The teaching-educational work in the Dormitory is executed with many important activities that require special attention, especially at the beginning of the school year.

Every year the Dormitory adopts an Annual Plan for its entire operation, which, in addition to the accommodation, the diet of the students and the teaching-educational process, also contains plans regarding the financial resources for the accomplishment of all needs. In the past period, the Dormitory has faced some serious difficulties in terms of its financial operation, however with a considerable effort by the competent and responsible persons and with financial assistance from the Ministry of Education and Science, the financial condition of the Dormitory has improved. The free capacity of the Dormitory in the summer period allows accommodation and food for other interested persons such as university students, secondary school students, groups, and folk dancers, without a disruption of the basic activity. It is being emphasized that the Dormitory has provided excellent conditions for coexistence of university and secondary school students of different nationalities who have lived safely and in harmony for many years now. As an institution, it has been a leader in good interethnic relations.

The Dormitory has open doors for all interested university and secondary school students, because order and discipline have been established, as well as security, quality food, and interethnic relations, and above all, we strive to help with our knowledge and capacities in their expertise. Every year the dormitory event called "Domijada" is being organized, whereby our university and secondary school students participate in sports competitions organized under the auspices of the Ministry of Education and Science and the Association of Principals of Dormitories for University and Secondary School Students, in order to bring young people together through games and mutual cooperation.

The mission of the Dormitory is "Students as positive persons, responsible and educated citizens, always in the center of attention". The vision of the State Dormitory "Tome Stefanovski-Senic" Skopje is to be a synonym of efficient, effective, modern student dormitory, recognizable by its image. The management, the students and the representatives of the Dormitory consider it "a place where students will be delighted to stay, a place where student life goes through a process of creating positive persons, a secure and democratic environment in which human values are respected, where cooperation in terms of the relationship officer-student-manager takes place seamlessly, with mutual respect and good interactive communication."

*"Treat others the way you want them to treat you,  
in this way you are building the future for you."*
